EDUCATION

D Y Patil International University, Akurdi, Pune, Maharashtra

2023 - Present

- BTech in Computer Science | 7.89/10

Lions English School, Silvassa, DNH & DD

2021 - 2023

- CBSE (Class XII)
-

EXPERIENCE

Summer Intern, Ajinkya Creatiion Private Limited

May 2025 - July 2025

- Developed a digital payment app PayKro (test mode) integrating Razorpay API.
- Built a feedback sentiment analyzer using Python (Pandas, Matplotlib) for customer insights.

Summer Intern, Indian Red Cross Society

June 2024 - July 2024

- Assisted visually impaired and deaf-mute individuals in customized learning and rehabilitation programs.
 - Developed an understanding of adaptive education strategies for disabled individuals.
-

PROJECTS

AI powered Mood Based Music Player

- Utilized OpenCV and FER Library to analyze facial expressions and select Spotify playlists via API.
- **Tech Stack:** Python, OpenCV, FER Library.

Task Manager Web App (Flask-based)

- Developed a CRUD-based task manager for efficient task tracking.
- **Tech Stack:** Python, Flask, SQLite, HTML, CSS.

Feedback Sentiment Analyzer

- Convert raw feedback into real-time emotional insights using NLP & data visualization.
- **Tech Stack:** Streamlit, LottieFiles, Python (Pandas, NumPy, TextBlob, Matplotlib), Streamlit Cloud

Sales Data Warehouse

- Built a SQL-based Sales Data Warehouse using Medallion architecture to enable analytics, reporting, and data-driven decision-making.
 - **Tech Stack:** SQL, DBMS, Data Modeling, ETL Concepts
-

SKILLS

- **Programming Languages:** Python, Java, HTML, CSS
 - **Frameworks:** Pandas, NumPy, Matplotlib, Seaborn, PySpark, Hadoop (Coursera-certified in Data Engineering & ETL Pipelines)
 - **Database:** MySQL
 - **Others:** Adaptability, Team Collaboration
-

EXTRA CURRICULAR

Game Host, GDSC WOW Event

April 2024

Hosted interactive games and helped engage participants during the event breaks.

Graphic Artist (Core Member), GDSC

September 2023 - October 2024

Designed visual content for events, workshops, and tech talks and assisted in event planning and participant engagement.

UI/UX Hackathon – Team Member

August 2024

- **Problem:** Inefficient and scattered communication between students and the placement cell.
- **Solution:** Designed an integrated placement dashboard prototype in Figma with centralized updates, query handling, and scheduling.
- **Impact:** Enhanced usability and accessibility, creating a smoother student–cell interaction experience.
